ART DECO MEDIA COVERAGE

To 4 April 2008

Since awareness of the uniqueness of Napier's architectural heritage began to grow in the early 1980s, it has received regular media exposure. The Art Deco Trust has worked hard to encourage and assist journalists to promote Art Deco Napier in this way, and the following is a list of articles about Napier published outside Hawke's Bay up to Wednesday, April 30, 2008. Television programmes which include Napier are not included on this list because it is extremely difficult to maintain an accurate record of them.

Articles solely about Art Deco Napier are in bold type.

ART DECO MEDIA COVERAGE

To 4 April 2008

Since awareness of the uniqueness of Napier's architectural heritage began to grow in the early 1980s, it has received regular media exposure. The Art Deco Trust has worked hard to encourage and assist journalists to promote Art Deco Napier in this way, and the following is a list of articles about Napier published outside Hawke's Bay up to Wednesday, April 30, 2008. Television programmes which include Napier are not included on this list because it is extremely difficult to maintain an accurate record of them.

Art Deco Napier has been written about in many more articles than these – these are the ones that have been solely about Napier.....
